1. PURPOSE OF THE COVER

When the Insured Person cancels or changes their booking, the Approved Organisation or Intermediary for their Trip may charge the Insured Person for all or part of the price of the services, called "Cancellation Fees" or "Change Fees", which increase based on how close to the Departure date the cancellation or change occurs. The fees are calculated using the scale of charges specified in the General Terms and Conditions of Sale for the Trip.

The Insurer will reimburse the cancellation or Change Fees charged to the Insured Person, after the Excess amount appearing in the Cover Table is deducted.

PLEASE NOTE

For full cancellation of boat hire (only possible under Option 1 Multi-risk), the cover shall only be granted if the hired boat is not made available to one of the Insured Persons in this policy on the scheduled dates. All of the tourist services covered by this policy, irrespective of whether they are additional or sequential, constitute a single Trip, which only has one single Departure date: the date stated by the Approved Organisation or Intermediary for the Trip is the date when the insured services will commence.

ADVICE TO TRAVELLERS

PLEASE NOTE

Minor children

Some types of holiday and some destinations are inappropriate for very young children. In view of the risks of them being affected by the travel length and conditions, the health situation, or even the climate, the family doctor or paediatrician should be consulted when planning the Trip.

Each minor child living in France and travelling Abroad alone or unaccompanied by one of their legal representatives must carry, in addition to their valid identity papers, an authorisation to leave the territory issued by one of their representatives.

In all cases, should a minor child be repatriated, Allianz Travel cannot be held liable for any delay that may be required to legalise their administrative situation.

Pregnant women

Due to risks that may endanger the health of women in advanced stages of pregnancy, airlines apply restrictions that vary from company to company, and that may change without notice. These can involve a medical assessment no more than forty eight (48) hours before Departure, presenting a medical certificate, requesting the company's medical approval and more.

If necessary, and if laid down in their policy, assistance companies will arrange and pay for air travel on the express condition that the doctors and/or airlines do not preclude this.

Allianz Travel Doctors will consult with the local medical facilities and, if necessary, with the Insured Person's regular Doctor, in order to gather information to help them make the best decisions for their health condition.

The repatriation of the Insured Person will be decided on and overseen by medical staff who hold qualifications that are legally recognised in the country in which they usually practise their professional activity.

Only the medical interests of the Insured Person and compliance with health laws in force will be taken into consideration when making decisions about transport, transport methods and the location for any possible Hospitalisation.

If the Insured Person refuses to comply with the decisions made by the Allianz Travel Medical Department, they absolve Allianz Travel of any liability in relation to the consequences of this, particularly in cases involving returning by themselves or also should their health condition worsen, and lose all rights to benefits and compensation from Allianz Travel.

6 APPLICABLE LEGISLATION AND LOCATION OF THE POLICY

This policy is governed by the French Insurance Code, **except for the Assistance Cover**, and the General Terms and Conditions. The General Terms and Conditions are drawn up in French.

Since this involves transactions carried out on a website hosted in France, the virtual space made up of the pages on the site www.ouest-assurances-plaisance.fr is deemed to be located in French territory and policies taken out on it are therefore located in France, notwithstanding the protection given to consumers under the laws of the countries where consumers normally live.

7 CANCELLATION OPTION

The Insured Person may exercise a cancellation option after taking out an insurance policy.

1. CANCELLATION OPTION

Multi-insurance

Under Article L112-10 of the French Insurance Code, the Insured Person who takes out, for non-professional purposes, an insurance policy supplementing goods or services sold by an intermediary may cancel this Policy, at no expense or penalty, when it has not been executed in full or when the Insured Person has not made a claim, **if they provide proof of prior cover** for one of the risks covered by the Policy. This cancellation must occur within fourteen (14) calendar days from the date on which this Policy is entered into.

Remote sales

Under Article L 112-2-1 of the French Insurance Code, a cancellation option applies to insurance policies taken out remotely, in particular sold online, without the parties to the policy being simultaneously physically present, during cold calling or outside the seller's usual place of business.

This cancellation option does not apply to travel or baggage insurance policies or to similar short-term insurance policies with a duration of less than one (1) month. The term of the insurance policy runs between the date on which it was taken out and the date on which all types of cover end.

2. PROCEDURE FOR EXERCISING THE CANCELLATION OPTION

When the insurance policy is eligible for the cancellation option under the conditions set out above, the Insured Person may exercise this option by returning to "OUEST ASSURANCES", a registered letter with acknowledgement of receipt, duly dated and signed, within fourteen (14) calendar days of the date on which this Policy is entered into.

The Insured Person may, if they so wish, use the template cancellation letter below:

"I, the undersigned, surname, first name, date and place of birth, would like to cancel the cover under insurance policy no. ... which I took out with AWP P&C on ... (Date).

Signed in ... (Place). On... (Date) and Signature: ...".

When cancelling on the grounds of multi-insurance, the Insured Person must enclose, along with their request, supporting documents substantiating the existence of a current insurance policy covering risks similar to this policy.

If the Insured Person exercises this option, the policy will be terminated on the date that it starts. The Insured Person will be reimbursed the corresponding premium within thirty (30) days of the date on which their cancellation request is received.

The cancellation option may not be exercised if the Insured Person has implemented this cover in this insurance policy as part of a Claim submitted within fourteen (14) calendar days, and, as a result, no premium will be reimbursed in such a case.

8 APPLICABLE PENALTIES SHOULD THERE BE MISREPRESENTATION WHEN TAKING OUT THE POLICY

- **Any non-disclosure or intentional misrepresentation by the Insured Person in the statement of risk is punishable by the policy being rendered null and void under the conditions set out in Article L113-8 of the French Insurance Code.**
- **Any omission or inaccurate statement by the Insured Person when their bad faith has not been proven will be punished under the conditions set out in Article L113-9 of the French Insurance Code:**
 - **if it is ascertained before any Claim:**
the Insurer will be entitled to:
 - ✓ either continue the policy with an increase in the premium,
 - ✓ or terminate the policy within ten (10) days by registered letter, by reimbursing the overpaid share of the premium.
 - **if it is only ascertained after the Claim:** the Insurer may reduce the compensation in proportion to the amount of premium paid compared with the amount of premium that would have been due if the risk had been declared completely and precisely.

9 APPLICABLE PENALTIES SHOULD THERE BE INTENTIONAL MISREPRESENTATION ON THE CLAIM DATE

Any fraud, non-disclosure or intentional misrepresentation by the Insured Person about the circumstances or consequences of a claim will result in any entitlement to benefits or compensation for this Claim being lost.

10 DAMAGE ASSESSMENT

The causes and consequences of the Claim will be assessed by mutual agreement and, if not, by jointly agreed expert assessment, subject to the respective rights of the Insurer and the Insured Person. The fees for this expert assessment will be shared between the parties.

If the parties are unable to agree on selecting the third-party expert, the Presiding Judge of the Tribunal de Grande Instance [Regional Court] of the location of the Policyholder's Home will appoint one.

This appointment will be made in a written request signed by the Insurer or by only one of the parties, with the other having been summoned by registered letter.

14 PERIOD OF LIMITATION

The provisions relating to the period of limitation for legal actions arising from the insurance policy are set out in Articles L114-1 to L114-3 of the French Insurance Code, reproduced below:

"Any legal action arising from the insurance policy **will be covered by a period of limitation of two years** from the event giving rise to it. However, this period will run:

1) Should there be non-disclosure, omission or misrepresentation in relation to the risk, only from the date on which the Insurer became aware of it;
2) Should there be a claim, only from the date on which the relevant parties became aware of it, if they prove that they were unaware up until then. When the legal action by the Insured Person against the Insurer is due to redress by a Third Party, the Period of Limitation will run only from the date on which that Third Party filed legal proceedings against the Insured Person or the Insured Person paid out the compensation. The Period of Limitation will be increased to ten years for life-insurance policies when the beneficiary is a person other than the policyholder and, in personal accident insurance policies, when the beneficiaries are the deceased Insured Person's legal successors. For life-insurance policies, notwithstanding the provisions of section 2, legal action by the beneficiary will be covered by a period of limitation of a maximum of thirty years from the Insured Person's death."

- Article L114-2 of the French Insurance Code

"The period of limitation will be interrupted by one of the ordinary grounds for interrupting the period of limitation and by the appointment of an expert following a claim. The period of limitation for the legal action may also be interrupted by a registered letter or an electronically registered e-mail, with acknowledgement of receipt, being sent by the Insurer to the Insured Person, in relation to legal action for paying the premium, and by the Insured Person to the Insurer in relation to paying the compensation."

- Article L 114-3 of the French Insurance Code

"By way of derogation from Article 2254 of the French Civil Code, the parties to the insurance policy may not, even by mutual agreement, either amend the duration of the period of limitation or add to the causes for suspension or interruption thereof."

Additional information:

The ordinary grounds for interrupting the period of limitation are set out in Articles 2240 et seq. of the French Civil Code, including: recognition by the debtor of the right of the person against whom they were claiming, legal action, even in summary proceedings, and the act of compulsory enforcement.
